

YEAR 4 HOMEWORK- 14.1.22

Maths

Please can we dedicate this week's maths homework to additional times table practice? In class we have been working with the 11 and 12 times table. I don't mind how you do this and it doesn't necessarily need to be written down! You could use Times Table Rock Stars, [Hit the button](#), www.timestables.co.uk, write them out, paint them out or even learn a times table song! Try these on YouTube! Remember to focus in on the table you have been asked to learn. If I have told you that you know your tables to 12x12, then you can challenge yourself and try your 13's with [this quiz](#).

English

Imagine a magical world that you could travel to through a wardrobe. What would your world look like? Is everything made of chocolate? Is it a futuristic world run by super robots? Perhaps it is a tropical rainforest full of unusual mythical beasts? Draw a picture of your world and write some sentences to explain what you might find there!

Create!

No surprise that this week's create task is to practice your ukulele ready for next Thursday's lesson! Ukuleles need to be back in school on Tuesday please. This week we learnt that the strings play notes from top to bottom- G,C,E,A

Can you remember the acronym we used to remember the notes? Practice the song we were playing if you can remember it, or pluck each note as clearly as you can.

Remember to get out and about each week too--- it's just as important as homework!

We would love to see pictures of any outdoor adventures !

You can email them to us via

secretary@kea.cornwall.sch.uk

and we will put them on our HEALTHY BODY board! Thanks for all the lovely pictures received so far! Dog walking, digger driving, beach days, birthday parties, safari parks, **even a 5k run this week!** What an adventurous bunch you are!

Please enjoy our class playlist [here!](#)

PLAY

An optional 'play' task this week for homework, but please do let me know if you decide to have a go!

As part of our learning on Wonderlands, we have been talking about 'quests' that story characters undertake in many fiction novels, such as The Lion, The Witch and The Wardrobe and Harry Potter. A really nice way of taking part in a 'quest' is to play a video game together. I am a keen gamer myself and a big advocate of using (appropriate!) games to engage learning! (Remember year 4-gaming is all about balance- it shouldn't be our only hobby!)

This week, have a go at playing [this game](#) together. It is a game that ONLY uses text, but can just as much fun to play as a graphic based game such as Minecraft. Great reading practice too!

Revise

- The 4 points of the compass are North, South, East and West
- A key uses symbols to mark features on a map.
- The equator is an imaginary line that goes around the middle of the globe.
- The half of the globe north of the equator is called the Northern Hemisphere.
- The half of the globe south of the equator is called the Southern Hemisphere.
- SKILL- locate Reykjavik, the capital of Iceland, on a map.

Remember the importance of staying SAFE online. ALWAYS check with a grown up before using any game, device or app. For further information about staying safe online, visit [this section](#) of our school website.
