Tuesday

Today I was swimming around the coral with angel fish when all of a sudden I saw a large fearsome shape. It was a shark. I was terrified but I...

Wednesday

On Wednesday afternoon I swam all the way down to the bottom of the ocean floor. In the murky distance I saw what looked like an old sunken ship. I went close to investigate and...

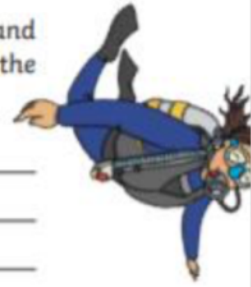

Thursday

On Thursday I felt adventurous and swam off in a different direction. Just behind a cluster of rocks I saw what looked like an old chest.

Friday

Friday was a very tense day! I'd lost track of time and forgot to check the air supply in my tank. I checked the air gauge. It was empty. I panicked and...

Saturday

Saturday was almost a disaster! After going back to where I found the treasure a few days ago, I tried to swim back up to my boat, but it wasn't there.

Sunday

Today I began by following the anchor of the chain to the ocean floor. When I reached the bottom I found a creature that I'd never seen before. A new species! You should have seen it, _____

Monday

On Monday a school of dolphins playfully came and swam with me. We swam...

- Where did we go?
- How did it make you feel?

Tuesday

Today I was swimming around the coral with angel fish. All of a sudden I saw a large scary shape. It was a shark! I was terrified but I...

- How did you get away from the shark?
- Where did you go?

Wednesday

On Wednesday afternoon I swam all the way down to the bottom of the ocean floor. In the murky distance I saw what looked like an old sunken ship. I went closer to investigate and...

- Was it actually a sunken ship?
- Did you go closer to look around the ship?

Thursday

On Thursday I swam off in a different direction. Just behind a cluster of rocks I saw what looked like an old chest.

- Was it an old chest?
- What was inside it?

Friday

Friday was almost a disaster! I had lost track of time and I forgot to check the air supply in my tank.

I checked the air gauge. It was empty. I panicked and...

- Did you run out of air?

- Did you have to hold your breath?

- Did you get any help from the sea creatures?

Saturday

Saturday was not a good day. After a long dive I tried to swim back up to my boat, but it wasn't there!

- Where had your boat gone?
- How did you find it?

Sunday

Today was my last day of diving. I dived down to the very bottom of the sea where I found a creature that I'd never seen before. A new species! You should have seen it,
