

Year 1 & 2 Entry Point Day

Year 1 & 2 had great fun taking part in a range of activities as part of their entry point day for this term's topic on rivers. The children made and tested rivers using guttering and made dams to create reservoirs. Another activity was pond dipping. Pupils were delighted to discover a huge range of wildlife in the school pond. Having looked at some Andy Goldsworthy art in nature, the children were then inspired to create their own rivers' art work using items gathered from the school grounds including leaves, twigs and petals.

School Council

On Monday, School Council had a visit from Mrs Sanford-Howard to explain how we can make any meal healthier. Do you know how to make healthy sweets? Well you can!

All you need is: Sugar-free jelly and yoghurt mixed with gelatine!
Another way for you to make your child's packed lunch healthier is swap a sugary treat for a healthier option e.g. granola bar.

The school council will be putting together a booklet about healthy eating which may help your family to decrease the amount of sugar, which is eaten on a daily basis. This will also

include healthy recipes for everyday meals, we will be sending this out within the next few weeks. By Lilly, Jack and Pip
