

Year 1 Maths

Year 1 have been learning to represent numbers to 50 using manipulatives. They have used counters on tens frames and base ten. They have also drawn their representations, demonstrating their understanding of pictorial representation of place value. The children are investigating the value of these numbers and partitioning them into tens and ones. This is the next problem they need to solve: "Sasha is counting from 38 to 24. Will she say the number 19? Explain how you know." Visit the Year 1 website page to find out how they get on!

Maths 16.05.18

I can represent numbers to 50 with 10 frames and base 10

JOSEPH

Show how many apples Jo has on the 10 frames

Now represent this number with base 10

tens ones

11 5

Year 5 Space Project Homework.

Year 5 have been learning about Earth, Sun and Moon and have been inspired to produce some amazing homework including presentations about Apollo 13, our Solar System and some fantastic art work from Mili, Tarin and Katie. Well done to all.

Triathlon Success

The triathlon season is now well underway with two of the seven INTOTRI competitions having been contested in the last month. Matilda (year 2), Poppy M, Poppy S, Ivy and Maisy (Year 3), Hector (year 4) and Freya (year 5) have all done brilliantly and Kea School are currently sitting in 12th place; an amazing achievement considering the 170+ schools that have been represented. The series continues with the Liskeard leg on Sunday 17 June. If anyone is interested in competing, details can be found on the following link <https://intotri.com/> [https://intotri.com/wp-content/uploads/2015/07/social-img.png]<<https://intotri.com/>>
