

14/01/22

Well done for a great week Year 5. Here is a chance to work on multiples a little further. Remember to keep practising the times tables you are not confident with including the division facts.

Math:

7. Jennifer is listing multiples. Circle her mistakes.

Multiples of 12

180 66 72 120 144 46

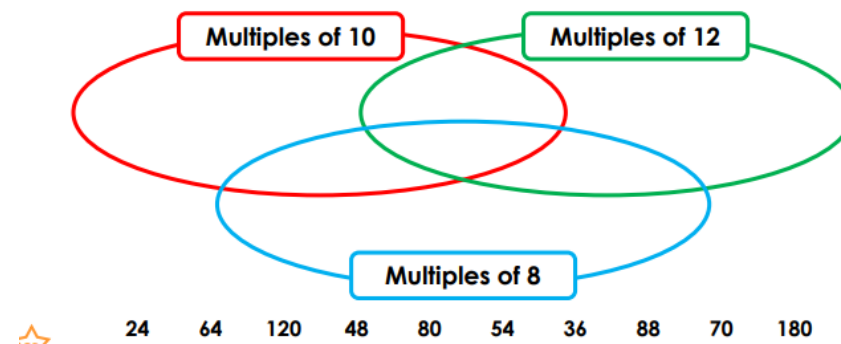

Multiples of 15

45 85 160 180 110 210

9. Find a path through the multiples maze using multiples of the same number. The multiples are not in any order.

Start	121	88	22	110
144	55	24	48	96
1,200	99	300	33	84
156	275	120	143	12,000
72	132	108	11	Finish

8. Sort the numbers into the Venn diagram.

7a. Rachel is thinking of a number.

My number is a multiple of 3, 6 and 9. It is even and between 100 and 130.

What could her number be?

Is there only one answer?

English:

Apostrophes

Circle the words which could be contracted using an apostrophe.

1. My brother has not eaten his cookies.
2. Who has eaten all of the biscuits?
3. I cannot eat cookies until after dinner.
4. We have eaten all of the snacks.

Cookies

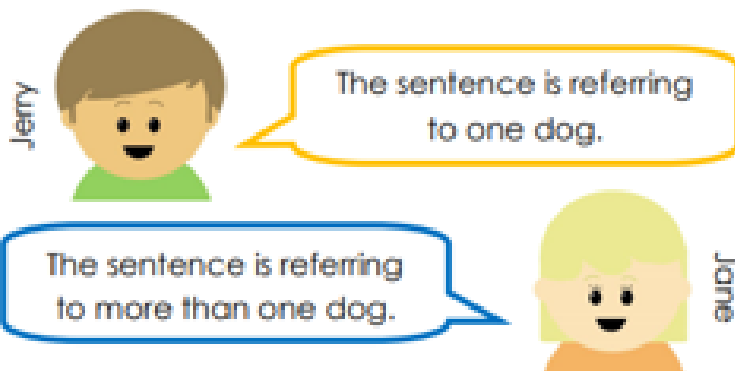

Now, write them in their contracted form.

Tick to show which sentences have used apostrophes correctly.

1. Jerry's tooth came out when he fell off his new bicycle. ☐
2. Asha's doll's were very dirty as she had been playing in the mud. ☐
3. The children didn't have any money left after they bought their sweets. ☐
4. Charles's dog was missing so he was searching the streets. ☐

The dogs' toys were all over the floor.

Who is correct? How do you know?

Odd One Out!

1. Mr Smith was very pleased with Marlon's progress this term.
2. The girls' grades were excellent.
3. Caleb's mum was very proud of the effort he made with his school project.
