<i>Well done, brilliant mathematicians!</i>		

Choose a subject from the Afternoon Activities Folder to do each afternoon:

Topic – Hot and Cold Countries- Pack a suitcase activity.

PE- Multi skills lesson

Art- Choose one of the Clothes Related activities on this website!

[Clothes Theme](#)

Science – We are learning all about rainfall. Can you think of many reasons why rain is good? Follow the help sheet and make a rain gauge (you will need an adult to help you). Check the rainfall each day!

PSHE – We are practising good listening this week. Try working together and listening to an adult giving you instructions on the “Tower Pairs Activity”. You could try it with them to see how good they are at listening too!

PE- We are doing gymnastics in the hall today at school but you could try these moves at home too!

Rolls

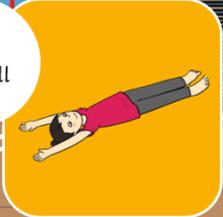

In our last lesson, you practised two different types of roll.

Can you remember what they were?

an egg roll

a log roll

Are you keeping a clear body shape as you are rolling?

Are you controlling your roll?

Dish Roll

Now you are going to make your body into the shape of the dishes of porridge.

Lie on your back with your legs together and your arms stretched above your head.

Now tense your tummy muscles as you start to roll over.

Keep rolling so that you end on your front.

Lift your arms and legs off the ground to make your back curved like a dish.

Can you keep rolling from back to front along the mat?

Have fun!
