Whitney is ordering these three ladybirds from the greatest amount of spots to least.

She says,

I can just compare the first two to work out the answer.

Do you agree? Explain why.

Jack has 6 flowers.

Rosie has more flowers than Jack.
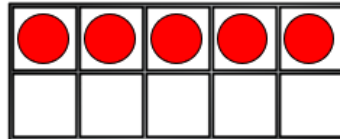

Amir has more flowers than Rosie.

Who has the least amount of flowers?

Draw counters on the ten frames so that they are ordered from greatest to smallest.

How many ways can you find?

Greatest

Smallest

Use 10 cubes. Place them into 3 piles.

Order the piles from greatest to smallest.

How many different ways can you find?
