

Year 6 Homework
Friday 5 November 2021
Autumn Term

Reading

Please read for at least 30 minutes each school day.

Literacy

In English this week we have used Lily's garden of India to recap on speech punctuation. We've learned that inverted commas must be used to open and close speech, that they enclose any end of sentence punctuation and that we start a new line for each new speaker. Please write a conversation with correct speech punctuation- it can be real, or imagined, with your parent, an animal, a famous person or a plant!

Maths

Please ensure you are practising your tables at home every day. Speedy recall is a great help with our work on division.

Please complete page 15 of your Pearson book related to multiplying and dividing by multiples of 10.
